

AIRBRUSHED TAN

PREPARATION OF YOUR SKIN

THE WEEK BEFORE YOU MUST:

- Exfoliate your body at least three times paying particular attention to dry areas such as knees and elbows. Moisturise afterwards.

THE EVENING BEFORE YOU MUST:

- Exfoliate your body paying particular attention to dry areas such as knees and elbows.

THE DAY OF YOUR TREATMENT IT IS IMPORTANT NOT TO:

- Use an exfoliating product
- Shave or wax hair
- Wear deodorant, body moisturisers, perfumes or sprays

Please note: using these may effect the final result of your treatment

IMMEDIATELY AFTER YOUR TREATMENT:

- Do not apply any product to the skin for at least one hour
- Do not take part in any activity which induces perspiration – this will interfere with the development of your tan
- It is preferable you do not shower or bath until the next day
- You should wear loose clothing, preferably no bra

PROLONGING YOUR TAN:

- Look after your tan and it will last between 7 – 10 days
- Moisturise daily
- Avoid exfoliating until the tan naturally begins to fade
- Do not rub the skin after bathing
- Avoid swimming as chlorine will bleach your tan
- Avoid saunas and steam rooms
- **UNDER NO CIRCUMSTANCES USE ANY BODY LOTIONS, SHOWER GELS OR SOAPS THAT CONTAIN ANY AHA'S WHICH WILL REMOVE THE TAN**

PLEASE NOTE:

- An airbrushed tan does not contain an SPF factor
- Surface colour will be lost when you take your first shower
- Any product left on clothes or bed linen after contact with your skin will wash out.
